

RF LABEL DEACTIVATION SOLUTIONS

ACCESSORIES

A label deactivator is a necessary component of any security solution requiring consumable labels. AMERSEC[®] offers multiple deactivation solutions to meet the needs of a wide range of retailers, including the possibility of scanner or self-operated POS integration.

The RF (Radio-Frequency) STANDARD deactivator is a full-featured device and includes audible and visual deactivation indications as well as a large deactivation zone with high-speed throughput. It is a smart device that can provide a full overview of deactivation activities, and is StoreMonitor compatible for fast remote maintenance and setup.

The RF MINI deactivator is a cost-effective solution that features the same large deactivation zone and high-speed throughput as the standard version, but without audible or visual indication or online connection.

Features & options:

- StoreMonitor data management
- Remote tuning/maintenance
- Event management
- Air synchronization
- Status and deactivation LED indicators
- Connectivity with cashpoint scanners
- Key lock
- Deactivation sound check
- Energy saving mode

Technical specifications:

Voltage: 15 V AC /220 V
Operating frequency – 8.2 /9.5 /10.5 MHz
Sweep frequency – +- 600 kHz
Consumption – max 5 W
Operating temperature – 0-50 °C

RF STANDARD DEACTIVATOR

The functional design of the deactivator consists of 3 LED status indicators as well as a lockable power switch. For service maintenance the unit can be connected to a local PC or laptop or when an online connection is enabled, technical support can provide most adjustments immediately.

Features & options:

- StoreMonitor data management
- Remote tuning/maintenance
- Event management
- Air synchronization
- Status and deactivation LED indicators
- Connectivity with cashpoint scanners
- Key lock
- Deactivation sound check
- Energy saving mode

Dimensions: 185 × 170 × 51 mm
Weight: 0.51 kg
Performance: 15–30cm
Product code: P-RDSTD

RF MINI DEACTIVATOR

Simple plug-and-play deactivator with power and pad connection terminals. Fast and powerful performance, but without audio or visual indication.

Features & options:

- Air synchronization
- Connectivity with cashpoint scanners

Dimensions: 95 × 85 × 28 mm
Weight: 0.16 kg
Performance: 15–30cm
Product code: P-RDM

RF FCM RUBBER PAD

Desktop black rubber pad which is designed for food stores and meets Food Contact Materials (FCM) standards.

Dimensions: 298 × 250 × 8 mm
Weight: 0.4 kg
Performance: 30 cm
Product code: P-RDPD

RF BLACK PLASTIC PAD

Standard black plastic pad for desk-top mounting.

Dimensions: 245 × 245 × 4 mm
Weight: 0.2 kg
Performance: 20 cm
Product code: P-RDPM

RF WAND PAD

Handheld pad for a more mobile deactivation solution. Ideal for bulky items or deactivation of labels placed inside packaging.

Dimensions: 300 × 100 × 8 mm
Weight: 0.1 kg
Performance: 15 cm
Product code: P-RDPW
